**Strong Global Presence, Backed by
Quality & Scale**

Our Vision:

To make premium organic sesame seeds and food ingredients accessible worldwide, fostering a healthier future.

Core Values:

- Commitment,
- Integrity &
- Transparency.

CSR Commitment:

Conducting business responsibly with care for people, communities & environment

Our aim is to contribute to healthier lifestyles worldwide by delivering premium organic seeds and natural food ingredients, rooted in our strong values.

Our product portfolio covers four major organic categories, delivering natural nutrition and authentic flavors to global markets.

Top Product Categories are :

01. Edible Seeds:

Rich in protein, fiber, and essential nutrients — our organic seeds are widely used in health foods, bakery products, and nutritional supplements.

02. Grains:

Wholesome, gluten-free ancient grains that support healthy diets and serve as a natural alternative to refined staples.

03. Spices:

Pure, aromatic whole spices sourced and processed with care to preserve flavor, authenticity, and natural goodness.

04. Flours:

Nutrient-dense, gluten-free flours milled from organic grains and seeds — ideal for bakery, snacks, and health foods.

We offer a diverse range of organic seeds, grains, flours, and spices, carefully processed to preserve natural goodness.

Our Ahmedabad-based facility, with proximity to seaports & ICDs, is equipped with advanced machinery and designed to meet international environmental and safety standards.

Location Advantage:

Based in Gujarat's business capital with easy logistics access.

Advanced Technology:

Fully automatic systems from BUHLER, SATAKE & CASSEL.

Global Compliance:

Facilities meet or exceed environmental, health & safety laws.

Expansion Ready:

Strong global presence with plans for further reach.

World-Class Infrastructure, Global Standards

We ensure the highest levels of food safety through its state-of-the-art steam sterilization facility.

This natural, chemical-free process eliminates harmful pathogens and reduces microbial load, while preserving the nutritional value and purity of organic ingredients.

Chemical-Free Process:

Uses pure steam, ensuring no chemical residues.

Microbial Safety:

Effectively controls bacteria, yeast, mold & pathogens.

Nutrient Retention:

Maintains original flavor, color & nutritional profile.

Global Standards:

Fully compliant with international food safety regulations.

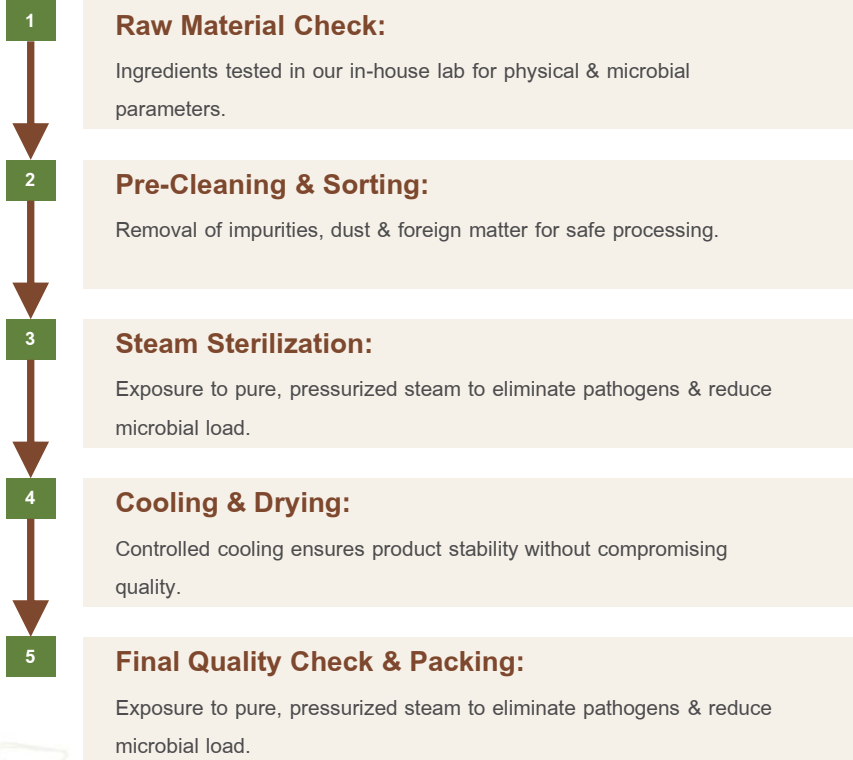

Customer Confidence:

Delivers safe, hygienic & high-quality organic products worldwide.

Advanced Technology for Safer, Cleaner Ingredients

Chemical-free steam process that ensures safe, hygienic, and nutrient-rich ingredients:-

Certified for Global
Trust

Asalya Food Ingredients operates under internationally recognized certifications, ensuring our products meet the highest food safety, organic, and quality standards worldwide.
